Lake County, Ohio: July 24-26, 2018
Contact: Keith Osborne

You are invited to attend an engaging educational program & enjoy a tour of beautiful Lake County, Ohio while networking with other green industry professionals! Lake County has a long & rich heritage of nursery growers concentrated along a 15-20 mile stretch south & east of Lake Erie. The area has been important to the horticulture industry & the source of many new plant introductions. We will tour 4 nurseries on the first day ending with a wonderful evening dinner. Day two brings morning seminars & afternoon tours with a BBQ dinner at Klyn Nurseries. We will then tour our way back to Ontario on the third and final day.
